## Celebrating Catholic Education in Alberta

## Looking Forward

- We see you in these uncharted times.
- We see you learning online teaching.
- We see you as you drop off materials.
- We see you as you call, drive by and be present for others.
- We see you reaching out to your students and families.
- We see your kindness.
- We see you as you look after your family, friends and co-workers.
- We see you as you look after your home and faith.
- We see you going above and beyond.
- We See. We see YOU.

Through this and as we recognize Catholic Education, we recognize you - a living history page in the story of learning. We do not know where the story is going, but we do know we are faith filled and built to connect with others. With this, the future can only be bright. Bosco Baptista's written words in his book *'Lethbridge Catholic Separate School District No.9 The First One Hundred Years 1889 - 1989* has just as much sentiment today as it did back then: "... In looking forward we trust in God's blessing."
