

# **INTERNET SAFETY SESSION**

**June 3**

**6:30 p.m.**

**The Chinook High School Media Center  
259 Britannia Blvd west  
Parking is at the West end of the school**

The internet and social media related issues such as cyber bullying, sexting, and even child pornography; are by far the biggest issues that our School Resource Officers in Lethbridge are dealing with on a DAILY basis. Kids are able to access the internet 24/7 and as a result they are faced with many additional challenges than their parents did at this age. Kids today know more about the "cyber world" than the parents do. Parents are frustrated and feel lost and don't know what to do.

The Lethbridge Regional Police Service is hosting a parent "internet safety" night on June 3 2014. There will be a variety of presenters from the Police Service to help answer questions. School Resource Officers will discuss current trends in schools, Cst Gaumont (Forensic Identification Unit) will be able to answer questions on device storage and data retrieval that police use, Cst Rob MacGregor (Integrated Child Exploitation Unit) will be able to discuss the national scene, and ALL Officers will have useful tips on how to keep your child safe. The presentation will be an open forum where parents can ask questions and learn. This presentation is important for parents with children of ALL AGES. Internet related issues are being dealt with on a daily basis in our all our schools from Elementary Schools up to and including High Schools.

We hope to see you there.
