TICKETS AVAILABLE AT:

FLVT OFFICE (403-381-0953) OR AT THE DOOR

FLVT Performing Arts is proud to present our annual Musical Production *SWITCHED*. The show is an original adaptation of the Disney movie *Freaky Friday* story written by Laura B, a grade eight student at our school. Our students are involved in the production as actors, dancers, singers, writers, hair stylists, make-up artists, backstage crew, and technical crew. In talking about the show, our writer says:

“The original musical *SWITCHED* is inspired by the Disney movie, *Freaky Friday*. This musical is about two siblings who never get along and bully a girl, Nora, at school. Their bad doings cause them to get cursed and *SWITCH* bodies. How will they be able to switch back? Who will they have to befriend? To what extent will they have to go?

SWITCHED is for the most part an amusing story. It has a ton of characters with bold and funny personalities. Although the play is a comedic, fun, action filled story for all ages, it has a mature side as well. The siblings bully this girl at school for a deeper reason. Their life at home isn't the greatest. Their parents ignore them and the kids don't feel loved; therefore, they take their anger out on Nora. I wanted parents to realize how much they affect their children and to show people that just because some kids are mean to others doesn't mean they're bad people. It could just mean they're broken. I made this story at the bully's perspective so people could maybe understand this side of things and not just the victim's point of view.”
