RE: St. Mary's School Grade 6 Orientation Night

Dear Parents, Guardians, and Grade 5 Students:

St. Mary's School is a Catholic-Christian environment where the teachings of Jesus and the dignity of the human person are central to all of our learning. We are very proud to offer faith-based education and are grateful to parents who trust us as a partner in the education of their children.

On **Wednesday May 1, 2019**, St. Mary's School invites you to the Grade 6 orientation night for parents, guardians, and students. The meeting will begin at **6:00 pm** and will be held in Room 11 at St. Mary's School. The evening will include an overview of the programs the school offers, discussion regarding the transition to grade 6, and tour of the school. Please bring any questions you might have about joining our school community at St. Mary's.

School Orientation programs are key to overall student success as they provide helpful information regarding the student experience inside and outside of the classroom. Orientation provides students the opportunity to make the connections and get answers to their questions in order to be ready for the first day of grade 6 at St. Mary's School.

If you are unavailable for the orientation evening, please contact the school to arrange an appointment with administration. We are happy to meet with you to provide any information and a tour of the school.

Sincerely,

Randy Spenrath
Principal
St. Mary's School
